CLYDE BROS JOHNSON S

Inspection

Type: ROUTINE INSPECTION

Date: FEB-25-2004

2.75 (b)(1)

RECORDS: DEALERS AND EXHIBITORS.

(b)(1) Every dealer other than operators of auction sales and brokers to whom animals are consigned, and exhibitor shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning animals other than dogs and cats, purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by that dealer or exhibitor. The records shall include any offspring born of any animal while in his or her possession or under his or her control.

(i) The name and address of the person from whom the animals were purchased or otherwise acquired;

(ii) The USDA license or registration number of the person if he or she is licensed or registered under the Act;

(iii) The vehicle license number and state, and the driver's license number and state of the person, if he or she is not licensed or registered under the Act;

(iv) The name and address of the person to whom an animal was sold or given;

(v) The date of purchase, acquisition, sale, or disposal of the animal(s);

(vi) The species of the animal(s); and

(vii) The number of animals in the shipment.

(2) Record of Animals on Hand (other than dogs and cats) (APHIS Form 7019/VS Form 18-19) and Record of Acquisition, Disposition, or Transport of Animals (other than dogs and cats) (APHIS Form 7020/VS Form 18-20) are forms which may be used by dealers and exhibitors to keep and maintain the information required by paragraph (b)(1) of this section concerning animals other than dogs and cats except as provided in Sec. 2.79.

--The required acquisition information for the male tiger named Tony is not available. There was not complete acquisition information on any of the 7 tigers available on site during the inspection. It was requested to be faxed to the inspector on 2-26-04 originally no later than noon MST. This was later extended to 15:30 MST. At 15:30 MST, the Western Region Office had still not received the required information on Tony. Ensure that the required acquisition information is available during the inspection.

To be corrected before the next inspection.

NOTE:

1. It is observed that the most recent written program of veterinary care is signed and dated by the attending veterinarian on 6/02. When discussing this with the attending veterinarian, he stated that he thought perhaps there was a more recent program of veterinary care. However, he could not locate this program (nor has any more recent program been located by the licensee or the trainer in the 24 hour period ending at 15:30 MST). He also states that he is considering changing the frequency of required vaccinations. The method by which the written program of veterinary care may be changed was discussed with the attending veterinarian. He was furnished the Animal Care website: www.aphis.usda.gov/ac. In a response to a request for guidelines from the attending veterinarian, it has been recommended that he refer to Animal Care Policies #3, Veterinary Care, Policy #6, Space and Exercise Requirements for Traveling Exhibitors, and Policy #25, Proper Diets for Large Felids. The current program of veterinary care lacks the date when the licensee signed the document. The attending veterinarian states that the new written program of veterinary care will be completed within 30 days (3-27-04) and the licensee agrees with this. The attending veterinarian evaluated all 7 tigers last month.
2. The written diet observed on site did not match what was being fed to the tigers with regard to the type of vitamin supplement that is actually being used. In a telephone conversation with the attending veterinarian, he states that the vitamin supplement being used on site is satisfactory. The licensee, veterinarian, and trainer have been informed that the written diet with the attending veterinarian's review, signature, and date need to be updated to reflect what the attending veterinarian is currently approving. This will need to be available for review at the next inspection.
3. Copies of Animal Care Policies #3, #6, and #25 are attached to this report and have also been furnished to the trainer on site.
4. A copy of this inspection report has been delivered to the trainer on site and also sent by Certified Mail # 7099 3220 0001 9945 8855 to the licensee.
5. This inspection of 7 tigers has been conducted at the Golden Spike Arena near Ogden, UT. Accompanied on site by [REDACTED]

All redactions on this page are pursuant to (b)(6) & (b)(7)(c).
